## To Parents and Students Who

Hwanil Boys School was established in 1947 under the motto Love of God, Love of Country, Love of Neighbors. With the mission of developing future leaders, Hwanil has produced distinguished alumni, including the first student to get perfect scores in all subjects in the national university entrance exam, Korea's College Scholastic Ability Test (CSAT) in 2009. We have also recorded one of the best results of in placing students in the most prestigious universities among all the high schools in the country .

While preserving our traditions, Hwanil has been upgrading our curriculum and incorporating the latest technology into our classrooms to better prepare our students for the future in a rapidly changing world.

In 2021, with the intent of improving student scholastic ability through an upgraded curriculum, we introduced the Gifted and Talented program and the Specialized Artificial Intelligence Interest (A.I.) program and established a curriculum tailored to students' various various levels of student scholastic academic abilities.

Our deeply rooted Christian values guide Hwanil, giving the school a favorable reputation among

# o Love Hwanil Boys School

students and parents, which is supported by dedicated teachers who prepare our students to enter prestigious universities.

Hwanil's motto – ***Love of God, Love of Country, Love of Neighbors*** – prepares our students to focus on setting life goals and developing a Christian vision that will give them emotional stability and direction in life.

We have been designated a Specialized School for Artificial Intelligence (A. I.) Fusion Education by the Seoul Metropolitan Ministry of Education. A.I. Fusion Education aims to prepare students for the new era of the Fourth Industrial Revolution by providing A.I.-related knowledge and skills while cultivating their unique gifts and talents through creative educational programs.

May God bless students and their parents who are dreaming beautiful dreams and are determined to realize them.

Thank you.  
Kim Eun-mi, M.D., Ph.D.

## OUR HOPES AND DREAMS ABOUT THE FUTURE

### PLEASANT EDUCATIONAL ENVIRONMENT

- Main Auditorium (2 stories, 639 seats)
- Study Hall for each grade (Cheongwoon, Woongbi, Bonghak, Sejong)
- Fitness Center (Weight-training program)
- Artificial Athletic Field, Outdoor Basketball Court
- Gyungcheon Building: Cafe, Dinning Hall and Facilities, 2 Conference Halls
- Indoor Basketball and Tennis Courts
- Rear Entrance / Interior Infrastructure Improvement Project
- A.I. Lab, AP System for all classrooms, On-line Studio

### PREMIER NATIONAL SHOOTING CLUB

Since it was established in 1972, the Hwanil Shooting Club (HSC) – the first high-school shooting club in South Korea – has distinguished itself by producing a considerable number of National Champions and National Team members while receiving over 1,600 awards at domestic and international shooting competitions. Because of HSC's immediate dominance at national shooting competitions, the City of Seoul designated Hwanil as an Exhibition School for Athletics in 1975. Over the years, HSC has kept its premier position among high-school shooting clubs because of the expertise and training methods of its experienced coaches, who motivate student shooters to be who all that they can be. That is, to be the best
